

I Understand Agreement

___ I understand the dog I am adopting today has been diagnosed and/or treated for (if applicable or N/A) _____. This diagnosis/treatment was reported to Biggie Paws by the facility the pet was received from.

___ I understand that I am voluntarily waiving the foster quarantine period (if applicable) and chose to adopt upon the pet's arrival and release Biggie Paws from any and all liability.

___ I understand that puppies tend to have common puppy ailments such as Giardia, Coccidia, various worms, and Kennel Cough. Biggie Paws has done its best to prevent and/or treat any and all ailments this animal may or may not have had. I understand I should take my dog/puppy to the vet for a wellness exam and fecal within the first two weeks of adoption.

___ I understand that even though animals are vaccinated, they are only partially protected and may still develop diseases such as Distemper or Parvovirus and that Biggie Paws has done all they can to prevent this from occurring. Should any signs of these illnesses appear, I understand it is my responsibility to take him/her to the vet and cover the cost of treatment and to notify Biggie Paws.

___ I understand that I must educate myself regarding breed traits, exercise requirements, socialization, and proper diet.

___ I understand the breed listed is a "best guess" based on features, characteristics, and intake information provided by the previous shelter or rescue. The actual breed or size is not expressly guaranteed or implied by Biggie Paws Rescue.

___ I understand that I need to have a Heartworm test done approximately 6 months from the adoption date. Adopted dogs must be on regular preventive care and if the test is positive, Biggie Paws Rescue will cover the cost of treatment with proof of prevention and diagnosis.

___ I understand that my adopted dog/puppy needs regular grooming every 6-8 weeks and that's part of the regular care and maintenance of the coat, nails, and ears, and understand there are costs incurred with professional grooming.

___ I understand that all dogs should be considered a flight risk, meaning that they can run off at any time. Biggie Paws Rescue encourages the use of slip leads at all times, even in a fenced yard.

___ I understand Biggie Paws Rescue is not responsible for costs associated with routine care or veterinary expenses after adoption.
